Excuse Me? I Didn't Quite Catch That?: Audio Super Resolution with Generative Adversarial Networks

Arjun Sawhney, Jonathan Gomes Selman, Woodrow Wang

Link to GitHub repository: https://github.com/jonathangomesselman/CS230-Project

Provided is a link to our project GitHub repository. This repository contains a mixture of code from Kuleshov's original repository and added code files created by us. Moreover, we have refactored some parts of Kuleshov's code to work with our new models.
